15th March, 1928

Mr. M. F. Liberma,
37 Via Ludovisi, Box 492,
Rome, Italy

Dear Sir:

I have your postcard of February 29th ordering
a copy of Wood's Coinage of the West Indies and of
Williams's Coinage of Latin America. Thank you very
much indeed.

The book by Williams is being sent you under
separate cover. I regret to advise, however, that the
last bound copy we had of Mr. Wood's book was sold a
few days before your order was received. I am having
additional copies bound with the least delay possible,
and hope to be able to send it to you within three weeks.
I shall hold the bill for both of these until I can send
you the second item, and take pleasure in advising you
that I am allowing the usual discount to booksellers of
15% from the prices quoted in the Numismatist.

Very truly yours,

Secretary

Gentlemen:

May I refer again to the bill for two books sent you under date of April 5th 1928? This is more than a year ago and we are unable to understand why we have not received your remittance for these items. If you are not prepared to send your cheque to cover, will you kindly return the books.

Very truly yours,

Secretary.

Dear Sir:

On three occasions we have sent you memorandum concerning payment for books ordered by you more than two years ago. We fail to understand why you have not responded, and if you are not by this time prepared to pay for these, we shall have to ask some of our friends in Rome to call upon you to see what explanation you have to offer.

Very truly yours,

Secretary.

Mr Sydney P Noe
Secretary The American Numismatic
Society
New York City

Dear Sir:

Enclosed please find a cheque to pay for the copy
of Wood's Coinage of the West Indies.

We have had trouble over the two items you kindly
sent us. We sent on the order to you exactly as we had it,
but when the books came the copy of William's Coinage of
Latin America was refused. We were under the impression
that we had written to you about it. Lately, when you wrote
asking that we return the books or pay for them we could not
trace the item on the Coinage of Latin America. We now
have found the book. It is in good condition and so we are
returning it.

We greatly appreciate your kindness in sending the
books and regret that we should have caused you so much
trouble, for which please accept our apologies.

We are sending under separate cover a catalogue
we issued lately of books on art and archaeology, but where th
you will also find a few items on numismatics. To make up
for our involuntary remissness we shall be pleased to allow
you a 20% rebate on any items that you may wish to order
from that catalogue. If we deserve the block, we are trying
to do our best to avoid it.

Respectfully yours,

Marcus F. Liberman
